Call for Participation

We invite you to join us in 12th International Conference on Natural Language Processing (NLP 2023).

This conference is a programmed approach to analyze text that is based on both a set of theories and a set of technologies. This forum aims to bring together researchers who have designed and build software that will analyze, understand, and generate languages that humans use naturally to address computers.

**Highlights of NLP 2023 Include:**

- 10th International Conference on Computer Science and Engineering (CSEN 2023)
- 9th International Conference on Software Engineering and Applications (SOFEA 2023)
- 9th International Conference of Control Theory and Computer Modelling (CTCM 2023)
- 9th International Conference on Signal Processing and Pattern Recognition (SIPR 2023)
- 9th International Conference of Networks, Communications, Wireless and Mobile Computing (NCWC 2023)
- 4th International Conference on Big Data, IOT and Blockchain (BIBC 2023)
- 4th International Conference on Data Science and Machine Learning (DSML 2023)
- 4th International Conference on Education and Integrating Technology (EDTECH 2023)
